Student Assignment

- Asking for operational dollars in May
- Superintendent Search. Interviewing search firms to assist in the process.
- There are two info pieces at the back. (Process and Goals)
- They are in the policy stage. Hoping to make big progress in the policy stage. Parents want a REALLY good school close to home. They are not going to use 1970 - 2001 busing methods to get good results. Relying heavily on magnet school expansion, building on success schools and tap in parental desires.
- Questions:
 - Are there other options for the funding that you are looking at? Can you come back in May in 2017? Bond should have been completed in 3 years' time but they completed it in 7 years' time. They put forth the request now so that it goes on the 2017 ballot.
 - Talk to the school boundary zone Specifically Madison Park and what it feeds? (Neighborhood is transitioning. Parents are concerned for the middle school and high school feeds.
 - Entirely the right thing to reassign to Myers Park and Montclair (in his opinion). They haven't really discussed it. Madison Park is not the only neighborhood that is

assigned incorrectly. The key part is the feeder pattern and it will be a part in the comprehensive review. Boundaries are a two edges sword.

If you have more questions please email or call Eric.

Code Enforcement

- If you think someone is running a business out of a house, call 311
- Property that is rundown, call 311
- Yard waste needs to be put out at the appropriate time. (The day before your pickup)
- Be aware of the code enforcements so that you are not fined.
- Bulk items, you have to schedule a bulk pick up
- A house has to be up to minimum code in Charlotte
- How long can you keep a blue tarp over your house? 60 days to fix something. If not fixed, then they'll get fines on top of fines. No normal amount of time if someone doesn't have the money to fix.

Safety Tips and Crime Discussion:

1. Helicopter has been asked to do a zone check. We have officers on bikes, and also if officers are not on a call they have been asked to patrol the area.
2. If you see something...SAY SOMETHING.
3. Profiling: if you believe in your heart that person is suspicious...then call. Police do not care what color they are.
4. What is Suspicious Activity: People walking up and down the street looking towards houses, acting different, just doesn't belong, Backpacks and on foot, hoodie and gloves, etc.
5. Call 911 not 311. Calls are triaged. Call...don't wait. When you call 311, that call goes to 911 which is not fast enough. Then call your neighbors if you see something as well.
6. We have to work together as a neighborhood.
7. It's ok to say "I think the person is casing this house, I think this car/person does not live here but is acting suspicious"
8. This is a transitioning neighborhood so there is a lot going on.
9. Text your neighbors, communicate neighbors when if you are leaving.
10. Where do the cops canvas? They canvas Madison Park when they are not on a call or working a response area. It's 1 or 2 officers. Officers are trying to "minority report" it to figure out where the next one might happen.
11. If you are going out of town, you can contact Officer Mohammed and he or someone will check on your house.
12. Thieves who rob on foot vs car:
 - a. On foot - backpacks, hoodie, gloves...they'll take the small stuff.
 - b. In a Car - thieves will rent vans and circle back and just circle around. Most likely a crew and they'll take the big stuff. Stuff they can't carry and need a car/van. Look for suspicious cars and vans parked on streets.
13. Don't follow the suspicious persons. Just call 911
14. Buy a safe and put all firearms in that safe and lock it.
15. Homework: Bring someone with you to the next HOA meeting who has never been to one of these meetings.
16. If you can afford a security system. Also turn your lights on at night if you are gone.
17. Close your blinds, turn on radios and TVs. It's called "Target Hardening"...make it hard for them to figure out if you are home or not!
18. If you see panhandling on the median, call 911. It's illegal.
19. Please watch your comments on Facebook and on NextDoor. Comments hurt people.
20. Don't post your vacation plans on social media!! Don't check-in on Yelp, or on Facebook letting people know where you are.
21. If you have teenagers that are going to be home, just make sure they are aware of the issues and know where they are as a precaution
22. Lock your wifi password! No free internet

Other Topics/Discussions

Kickball game update: It was the parents vs the kids. Parents WON! By 1 run. Will try to do this event again in the coming months.

Family fun run/bike ride. If you are interested, contact officer shabeer.

Neighbor asks if the neighborhood crime watch and is this something that we can do. {Officer asks what does crime Watch do?} It gets people out, puts feet on the ground and it lets people know that we are watching. HOA meetings are helpful, come out to the crime watch. It is on US and a neighborhood. We can do by street by street. It's a block or two blocks that get together that put it together. When times

are good, no one wants to do anything. When things get bad, then everyone comes out and wants to say something.

What is happening in Montclair, Starmount, and other neighborhoods? They are all having the same issues but they are not as big of a hood as we are.

Neighbors are concerned that it will escalate to something further than a TV being stolen. Please just call 911.
